Making Styles using OMB (One Man Band 10.2)

Article by [Pieter Tabbernee](#)

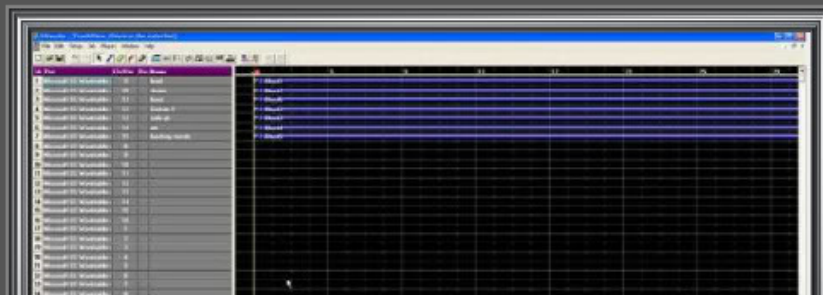

Before start making a style using OMB remember, the style is as good as the used midifile, bad midifiles gives a not so good style!

Preparing a midi file

Starting point before making a style is to prepare the midifile for use. Tyros use only the midi channels 9 – 16 for the accompaniment, channels 1 – 8 for solo instruments.

Prepare your styles with any sequencer like Yamaha XG Works, it spares a lot of time later.

Example 1 – Sequencer
